

PRODUCT DESCRIPTION

Use Green-Ox Ultra to clean and revitalize virtually any surface in your home or business. It reacts quickly to remove tough odors and stains caused by algae, blood, coffee, feces, food, mildew, mold, red wine, pet stains, tree sap, insects, urine, smoke, soot, grease, and so much more. Our formula harnesses the triple-strength power of oxygen to start removing dirt, debris, and stains immediately – and requires little or no scrubbing. Importantly, Green-Ox Ultra continues cleaning long after use. It is safe on most surfaces and leaves no toxic residue.

FEATURES AND BENEFITS

- ♦ **Non-Toxic**
Biodegrades into water and oxygen
- ♦ **Great On Pet Stains**
Formulated to penetrate deep stains and odors with little to no scrubbing
- ♦ **Leaves No Residue**
- ♦ **Bleach Alternative**
Perform the job without the toxic fumes of bleach
- ♦ **Great For Indoor Cleaning**
Stovetops, Bathroom Fixtures, Stainless Steel, Granite Counter Tops, Tile/Grout, Fiberglass, Patio Furniture & Grills, Carpet/Upholstery, Vinyl/Canvas, & Much More

Do NOT store in temperatures above 100°F or in direct sunlight. Keep from freezing

Properly Dispose of all waste and unused product in accordance with Local, State, and Federal Regulations

DIRECTIONS

1. PERSONAL PROTECTIVE EQUIPMENT:

Rubber gloves are strongly recommended when handling and applying Green-Ox Ultra.

2. APPLICATION:

Rotate nozzle to “Open” position.

a. For Kitchen/Bathroom Surfaces: Spray onto surface and allow to soak for 5 minutes. Wipe off with a dry towel or sponge.

b. For Fabric/Carpet Soil & Stains: Always test a hidden section of fabric/carpet for colorfastness. Spray and saturate the soiled areas. Using a soft bristle brush, gently brush the treated area. **IMPORTANT:** If soil/stain remains, apply more and keep brushing. Wait 15 minutes for Green-Ox Ultra to work on the soil/stain. Use a dry towel or wet-vac to remove wet soil from the treated area. Note that certain stains cause permanent discoloration even after cleaning.
